

April 2024 Release Notes

Production Environment

MATCHBOOK RELEASE UPDATE

In the interest of our customers, users, and product experience, the Matchbook AI leadership team has decided to launch our latest updates on the following date:

PRODUCTION ENVIRONMENT RELEASE IS CURRENTLY SCHEDULED FOR SATURDAY, APRIL 6th, 2024

With our April 2024 release, we at Matchbook AI continue to innovate and evolve our platform to satisfy our customer needs and ever-changing industry demands.

We will continue to deliver additional enhancements based on our customers' feedback. Please help us by sending an email to success@matchbookai.com with your input.

Production Release Date:

Saturday, April 6th 2024 @ 10:00 PM EDT / 7:00 PM PDT

This is a maintenance downtime notice for the Matchbook Production environment. During this period, the system will be offline for 3 hours starting at the times noted above.

Moody's Integration

Data Stewardship:

- Enhanced company name match ID to exclude legal company forms (LLC, INC, LTD, etc.) from the value check.
- In addition, US zip code comparison checks only apply to the first 5 digits, and not to the plus 4.

Entity Stewardship

- Now have the ability to view all input values for a record that is in new, merged, rejected, or error status.

Data Integration

Integration Dashboard:

- The integration dashboard processing status indicator now aligns with its actual status.

General Updates

Release Notes Page:

- Release notes will be included in 'About Us' page rather than displaying in the yellow icon moving further.
- SSH key authentication support for SFTP connections has been added in Monitoring to avoid renewing the password every 90 days.
